NEW TRAFFIC REGULATIONS IN EFFECT

New Traffic Regulations went into effect this morning, in the Town of Wilmington.

Passed by the Board of Selectmen last January, and approved by the Department of Public Works, the regulations regulate parking on many streets in Wilmington, and further prohibit 'U' turns in Wilmington Square.

'U' turns are now prohibited on Church Street within 185 feet of the square, and on Burlington Avenue, between the railroad bridge and the square. The No Parking rule applies to Lowell Street, both sides, between Dartmouth Avenue and Woburn Street; Adams Street, west side, between Church St and Mill Brook; Church Street, both sides, between Adams St. and Middlesex Ave (from 7:30am to 3 pm); Church St., south side, between Peacon St and a point 185 feet from Main St; Burlington Avenue, both sides, between Main Street and Floradale Avenue; and Middlesex Ave between Shady Lane Drive and North Street, both sides.

Limited parking now exists on Church Street, north side, between Adelaide Street and the Fire Station (two hours) on the south side, and in front of the hardware store (thirty minutes).

On Grove Avenue limited parking exists from Main Street to a point 200 feet westerly (thirty minutes).

DON KIDDER NEW CHAIRMAN OF SELECTMEN

Donald C. Kidder, of Woburn Street, who was elected Chairman of the Board of Selectmen Monday evening.

A resident of Wilmington for the past nine years, he was elected to the board in 1957. Mr. Kidder, married, with one son, is a salesman for the Filing Equipment Bureau, Inc. of Poston. He is a member of the Wilmington Lions Club, and of the Wilmington Firemen's Association.

AVCO VOTES NAME CHANGE

The Avco Manufacturing Corporation changed its name to Avco Corporation, in its annual meeting, held at the Wilmington plant last Thursday.

It was the first meeting held in the \$23 million plant on Lowell Street, for the stockholders of the company.

830 stockholders were present for the two hour meeting, a large majority of whom live in the Poston area. There are over 3000 stockholders in the company, owning about 10 million shares of stock.

Flaik
(Pach Bros NY Photo)

Colonel Earl Flaik, former athletic director and head football coach at West Point was made a director of Avco, as was James R. Kerr, president of the Avco Research and Development in Wilmington.

Chairman Victor Emmanuel told the stockholders that Avco has a 'very considerable improvement in the aggregate of defense orders now on hand or in the final stages of negotiation'. Orders presently exceed \$300 million, he said, and defense orders at the end of the fiscal year in 1958 aggregated \$99 million.

Box lunches were served to the stockholders, who also had a tour of the new plant.

TESTIMONIAL FOR THE REV. JOSEPH LEAHY

The First Annual Reunion of St. Dorothy's parish, held in Villanova Hall last Saturday evening turned into a surprise party for the Rev. Joseph Leahy, pastor of the parish.

A check was presented to Father Leahy by Father David Tyrell, curate, as a gift of those who attended the testimonial. Father Leahy told the audience that the check would enable him to realize one of his dreams, a memorial to his parents, in the new church.

Another presentation was made by Pat Izzo, Grand Knight of the Father Coppens Council, K of C.

Leading the list of dignitaries present was the Rt. Rev.

BOOSTER SWEATERS

Wilmington's High School Basketball team were given sweaters, by the Booster's Club, Monday afternoon, in recognition of their fine year. The presentation was made by George Dyas, (far left) and Bob Hastings (far right) Q3

JOHNNY WAUGH ELECTED PRESIDENT OF SKATING CLUB

John Waugh, prominent Wilmington sportsman was elected, Tuesday, to President of the Wilmington Skating Club.

Waugh, a resident of Wilmington for six years was co-coach with John Ritchie on two occasions, of the Pennant winning Tigers in the Wilmington Little League.

He has also officiated at many of the skating meets of the Wilmington Skating Club and the Northeast Skating Association.

His son, Jeff Williamson, is one of the champions of the

Wilmington Skating Club.

A purchasing agent for a Boston firm, Waugh succeeds Leo O'Connell sr as president of the club.

Other officers elected included: Ralph Tarricone, Park St., Vice President; Mrs. Rhea Perry, Williams Ave., Secretary; Carl Packman, Chestnut St., Treasurer and Harry Fiske of Church Street, Membership Secretary.

Elected to the Board of Directors were Mrs Hazel Backman, Mrs Peg Hinxman, Mrs Janet Tighe, and Larry Fiske.

Albert J. Shea of St. James, in Boston, former parish priest of St. Thomas.

Other church dignitaries present were Father Hillary Sullivan, of Boston, who was the speaker, and is an old friend of Father Leahy's, Father Edmund Croke of St. Thomas, Father William Lantagne of St. Williams, Father James Carroll of St. Barbara's in Woburn, Father Daniel Leahy, brother of the Guest of Honor, and also their sister, Mrs Mary Donovan.

Lay dignitaries included Mr and Mrs Pat Izzo, Mr and Mrs Francis Hagerty, Miss Louise Moriarty, Mr and Mrs Joseph Whalen of Tewksbury and Mr and Mrs. John Sullivan.

HAS JOHN RUGGERIO FOUND HIS HIGHER AUTHORITY?

Last October John Ruggerio of Andover Street asked the Board of Selectmen for a gravel license, explaining that he wanted to landscape his 8 acre lot of land, and then sell whatever excess gravel he might have.

The Selectmen granted the license. When Ruggerio learned that he would have to pay a \$100 fee he stormed out of the meeting, saying that he was 'going to a higher authority'. Gravel operations are now being conducted on this site.

Other phases of Wilmington's gravel war, during the past week, found a shift in operations on the other side of Andover Street. The heavy stream of trucks which until a few days ago was travelling on the old Salem-Lowell Railroad bed has ceased.

The Board of Appeals, now considering an appeal for one tract of land in that area has been told that the owner has transferred his operations to a new contractor, and is no longer interested in dealing

with the contractor who appeared before the Appeal Board. A meeting of the Democratic Town Committee, last Saturday morning, heard Senator Madden of Lexington state that House Bill 1141 has been passed in the legislature, but with a considerable amount of amending, and has been sent to the Governor's desk for signature.

A spokesman for Campanella & Cardi, contractors of the work on Route 93 commented on the report in this paper last week that Wilmington's Selectmen believed C&C wanted gravel for the Medford section of the route.

'We don't have a contract for that section of the route' he said. 'We just wish we did'.

He also stated that C&C were aware of their obligation with respect to the repair of damages to town roads. Campanella & Cardi, he said, will make certain that the roads are in good condition, at the end of the road building operations, and are presently making such repairs as are necessary to keep the road in passable condition.

LIKE THE BOURBONS

The Bourbons of France were reputed to be a family of people who never forgot anything and never learned anything. They have their counterpart in Wilmington in the persons of a few people who head our local Democratic Machine - a term we use to carefully differentiate from the many fine Democrats of this town.

Our Democratic Machine sold out, at the last town election to the Termites. They had glorious ideas about what they would do, once they were in the driver's seat. Instead, as we all know, they fell flat on their face. The people of Wilmington don't want their National politics mixed up with their local government.

But the Bourbons never learn.

Last week we published an open (and distinctly non-political) letter to our Senator and Representatives, regarding the gravel situation.

The Nabobs of the Democratic Machine saw in this letter a chance to retrieve their fallen fortunes. They would get Senator Madden and Representative Donahue, both Democrats, and plan something that would solve the whole problem, just like that. Voila! The Democrats would have done what the Selectmen couldn't do!

The call went out Friday, for a meeting on Saturday morning, in a home on Concord Street. Carefully excluded from any knowledge of the event was the Republican Representative, Mr. Tanner of Reading, the Town Counsel, the Town Manager and the Board of Selectmen. Invited to attend in their official capacities were the chairmen of the Planning Board and the Board of Appeals.

But Messrs Madden and Donahue didn't jump on the local bandwagon which had been so carefully prepared. Gently they pointed out that this was a problem of the Selectmen, Town Manager, Town Counsel, etc etc and a hurried call was made for Mr. Hagerty, Mr. Democrat of Wilmington, and at that time the Chairman of the Board of Selectmen. Mr. Hagerty couldn't attend, on such short notice.

Had Mr. Hagerty been called before hand he would have undoubtedly told the Nabobs that this was something that was above party politics, and asked them to keep out of the story.

For Mr. Hagerty is a man of common sense.

WHEN IS A FLASHING LIGHT?

Our Building Inspector is a busy man. He has to all intents and purposes, these days, a regular court schedule, testifying about gravel pits and permits and other things that interest our courts and our legal eagles.

When he isn't in court he has new building permits, and old building permits, and records.

And, if he should have any time, he can find the Sanitarian, and the Fire Chief, and the three men can go out and look for shacks that shouldn't be.

So perhaps he doesn't have too much time to sit and gnaw his knuckles, at his desk, over a question that is bothering him:-

When does a flashing light flash?

A few weeks ago we reported in this column that the Planning Board wanted the law enforced regarding flashing advertising lights. Such enforcement is the duty of the Building Inspector.

Wilmington doesn't have many flashing neon lights, such as lights the great white way of Reno Nevada, and New York City, and other such honky-tonk towns.

In fact we know of only one flashing neon light in town, and that's inside a building, and hence not within the scope of the Flashing Light Law, which is concerned only with outside signs.

But what about the rotating lights which we see in town? We think there are about 17 of them. They sit on top of a pole, and apparently flash, but actually they are fixed lights, rotating on an axis.

Is it a flashing light? That's why our Building Inspector is chewing his knuckles (if he has any).

RAILROAD SCHEDULES

One of the most popular sports in town at the moment is guessing just what is going to happen to the railroad schedules, if and when the DPU grants the Boston & Maine a favorable report on their petition.

In Wilmington, as is well known, the railroad wants to abandon the North Wilmington depot, and run 32 trains a day over the Wildcat railroad, instead.

Our Town Counsel, Phillip Buzzell is entertaining, as a strictly private opinion, the belief that the DPU will not close down the North Wilmington Station entirely.

He believes that the DPU will not allow the B&M to abandon passenger traffic between North Wilmington and Reading, and that there will be probably two or three trains each way in the morning and afternoon.

He also believes that Wilmington will have about 10 or 11 trains daily, in each direction.

Mr. Buzzell's beliefs run contrary to the testimony of the Chief Engineer of the B&M. That gentleman, Mr. Spofford, told the Reading Board of Selectmen that the railroad was going to tear up the tracks from Reading to Wilmington Junction (one mile north of North Wilmington). He told the Wilmington Selectmen that the B&M was going to tear up the tracks from Reading to a point north of Woburn Street, but that one track would remain from Wilmington Junction back to beyond Concord Street.

And he told the DPU that they weren't going to tear up any tracks at all.

TOWN NOTES

Saturday's Tie Day

We expect to see all our friends on deck half an hour before sunrise, Saturday, all in wading boots, carrying nets and poles, and having hats loaded down with all sorts of flies and pretty gadgets.

The water, we have to report, is still high, and fishing may not be too good, in spite of the ample stocking of the local streams.

Cold cold weather not only discourages fishermen, it also discourages the trout, perhaps even more than homo sapiens. We don't think that many fish will be caught in Wilmington this Saturday.

Horn Pond, in Woburn, has had the best stocking of any pond around here - 4500 browns and brookies.

As far as the local streams are concerned - nothing to our knowledge had been dropped in Maple Meadow Brook, but Lul-bers Brook is teeming.

We haven't seen a single kid out poaching either, which is one for the books.

Froze In

Jim Franklin, Executive Director of the Urban Renewal project can testify as to the snow conditions in Wisconsin recently.

Jim was in Madison, attending an Urban Renewal discussion last week, and was unable to return to Wilmington on schedule because of the heavy snows.

Flowers

We know that we do not have to remind the ladies of the Wilmington's Women's Club of their flower planting chore, on Wilmington Common.

The ladies volunteered, last year, to plant flowers in the circle, in the cross-common walk, and we'll bet they are watching the progress of rebuilding the common as keenly as we are.

Clean-Up Day

Our Town Fathers are undecided as to whether or not Wilmington should have a 'Clean-up Day'.

For the past week members of the Board of Selectmen and members of the Planning Board have been talking the subject among themselves, but as yet with no decision.

Last time they tried they were, in a sense, over successful. Their conversation still revolves around the boulders that someone put out by the street, to be taken away - Lend us a crowbar, Mac.

Sign

Another thing that bothers the two boards are large advertising signs, and now that one has been erected on P&M property, just below Wilmington Square the Town Fathers are doing a slow burn.

Apparently there was a permit given by the state some time ago, but Danny Gillis, Chairman of the Planning Board believes the permit expired, and is going to check into it.

Beach Tags

Wilmington residents are going to have to get new beach tags this year, for the Town Beach. Too much confusion over the present tags. It is planned to start all over again, with Town Clerk Esther Russell in charge of the operation.

Present thinking is that a special Saturday will be set aside, for Tag Day, with the Town Hall being open on that occasion - the idea being that Mrs. Russell has enough to do on ordinary workdays without having a couple of thousand youngsters come trooping in, one by one.

Happy Customers

John Elia forgot his key to his store, a week ago. He arrived in the morning, reached for the key, and it wasn't there.

So John called up his brother and then joined the customers, sitting on the front doorstep.

Agreeable

We aren't exactly certain as to why William F. Agreeable Smith is doing it, but he has taken up the habit of attending the Selectmen's meetings. We don't think he has a political bug, perhaps it's just

(cont Pg 3)

Town Notes
(fr Pg 2)

his curiosity bump.
In one respect at least it helps - it promotes better liason between the Town Fathers and the Housing Authority.

Glen Road

Some of our readers up on Glen Road are a little dismayed because of the surveyors now on that street. The Selectmen and TM have asked the county to consider the street for 'Chapter 90' work - i.e. part of the costs of construction and maintainance being paid by county and state.

The idea of course is that the street, heavily travelled, should have wider curves, etc. The street in places is so narrow that the surveyors have been standing on front doorsteps, as they sighted through their transits - an event that can excite a few homeowners, without a doubt.

We have had several calls on the subject.

A Chapter 90 Street is supposed to be 50 feet wide, but it doesn't necessarily follow that the paved surface will be of that dimension. 24 feet is probably what it will be - if the County approves.

Nose Cone

Avco is hoping to exhibit in Wilmington the first Air Force nose cone ever to be recovered. Recovered off Ascension Island, some hundreds of miles off the coast of Africa, it was a primary test of the Avco reinforced ceramic laminate called Avcoite, which was used to surface the nose cone.

The delay in exhibition is because half a dozen outfits want to exhibit it. The Air Force, of course, is more than anxious, and so are the Martin Company, which made the missile, Space Tech. Labs of California, who were responsible for the technical work, Douglas Air Craft, who made part of the Thor missile, and the Cook Company, who were responsible for the tracking and recovery.

Put some day it will be on exhibit here, showing the material that was developed in Wilmington, Mass.

More Avco

We were amused to hear a description from one individual about how he tried for a job with Avco. He wanted to be a landscape gardener, and it was just like getting a Civil Service job - written examination and all.

One of the questions was "how do you trim a Norway Maple?" Our friend suspects that he

was the only one who answered honestly - he replied 'I do not know'.

But the work has now been given out to a sub-contractor, so the examination didn't count anyway.

Tuesday afternoon, incidently a group of landscaping students from Harvard were out here studying the Avco landscaping.

Bluebirds

A friend of ours has remarked that bluebirds aren't being seen in the numbers that used to be, a few years ago. His observations seem to be confirmed by ours, but whether or not his reason is right we do not know.

He blames the spraying for Elm Peetles. Says that's the thing that is killing off our blue feathered friends.

Old Timer

Every time we turn around, it seems, we have someone to talk with about the town. Most of the time it is strictly local people, but even when it isn't there is a Wilmington connection.

We had such a visitor Sunday, Harold E. Carter, one of the old Carters of Wilmington.

Harold used to live over on Fitz Terrace, but he has been down in West Personfields Maine. He's been carpentering there for years, but reports he gets the Town Crier every week.

Harold was one of the boys at Harriman's Tannery, in the old days. He still looks about the same, except for a few missing teeth.

**DON KIDDER ELECTED
CHAIRMAN OF SELECTMEN**

Donald C. Kidder of Woburn Street was elected Chairman of the Board of Selectmen, Monday evening, in one of the oddest elections ever held in the Town Hall.

The vote was 3 to 2, two ballots, (apparently De Felice and Black) being for the outgoing chairman, Francis J. Hagerty.

Before the vote was cast Charles Flack, veteran member of the board made the first nomination. In a quiet but ringing speech he paid tribute to Frank Hagerty as a man who had done much for the Town of Wilmington - 'Commendable leadership and guidance in the past year' Mr Hagerty on the Democratic end, and Mrs Drew on the Republican end have done much together for the town 'You have worked hard and taken a lot of abuse' 'A pleasure to place your name in nomination'.

Flack's nomination was seconded by Selectman De Felice.

Hagerty was obviously embarrassed by the accolade given him by Flack. He pointed out that he thought the outgoing member (Kidder) should be the chairman for the coming year.

Flack: Not so. It isn't necessarily the outgoing member who is chairman of the board. I was chairman of the board for five years in succession.

No one seconded Hagerty's nomination of Kidder, and after a lengthy pause Hagerty called for the vote.

The clerk, Mrs Sheldon, counted the vote, and Kidder was elected.

**Town Managers Report
Boat Regulations**

TM Calabrese reported that the Boating Regulations voted by the town in the annual town meeting were now in the hands of the Attorney General, with no reply as yet.

In the week previous, the TM spent Tuesday at the office of

the State School Building Assistance Commission, straightening out some technicalities in the Glen Road School bonds.

Tuesday night he met with the Permanent Building Committee. Plans for the new Police Station are 'in the works', and plans for the Highway Garage are progressing.

Work on the Common is progressing nicely, he reported. It should be ready for seeding in a couple of days.

Wednesday night the TM met with the Planning Board and the Capital Outlay consultants. Their report should be ready in about a month.

Thursday afternoon was spent with the Highway Superintendent, preparing the summer schedule. Crews are out cutting brush. The culvert on West Street is being fixed. Two crews are patching holes in the highways. The Highway Department will start work soon on the back of the Swain School. Next week work will start on Shady Lane Drive and on Longview Road.

On Friday the TM and Anton Thiel, Maintenance Superintendent made an inspection of the four schools about which the Fire Chief and State Fire Marshall had made recommendations.

The TM reported that the contemplated water sprinkler systems would cost too much money and instead a study is being made of having in place a detection system, under stairs, and in closets, which would

work in conjunction with the Fire Alarm system, and report any increase in heat to the Fire Station.

Poll Taxes were 'committed' on Friday, and will be in the mail soon.

The bids for the new trucks will be called for this week.

Instead of using acetylene torches to cut holes in the vault door, for the town records (for ventilation purposes) the TM had the Maintenance Department cut a series of holes, the doors being taken down to the Maintenance Shop. The TM thinks it will work nicely, after a fan has been installed.

The TM reported that he did not have an opportunity to get together with the Town Counsel for a consultation on procedure on condemnation of shacks. He hopes to have an opportunity next week.

Preliminary regulations are being drawn up for motels, the TM reported (discussed more fully later, ed.)

Some preliminary work has been done on cleaning up Nichols Street and Chestnut St. the TM said.

The TM submitted to the Selectmen a form which he had devised, for their approval. It would be used by the Selectmen to submit names of people who they believed would be valuable serving on various committees, and would thus form a 'back log' of names available for the Town Manager.

Conversation about the form

developed the belief by the TM and the Selectmen that it was possible to have the purpose misunderstood, i.e. some people would believe, just because their name was on the list that they were automatically appointed. This, every one agreed, was not the purpose of the cards.

Other Business

A letter from the Unit Packet Company thanked the town for the courtesies shown during the recent re-zoning of property on Burlington Avenue.

A letter from Harold W. McKelvey told of deplorable conditions in some buildings in the south part of town, and spoke of the dangers to children playing in abandoned shacks.

The letter found the Selectmen in full agreement. Hagerty and De Felice suggested that this part of town be the starting point for their projected 'clean up the shacks campaign'.

A letter from Bill Rogers, of the St. Thomas Holy Name Society, invited the Selectmen to attend the Grand Ball, in Villanova Hall, on April 24th.

A letter from the Secretary of State asked approval of a list of people incorporating a club to be known as the Flying Contractors Club, and to be located at 12 Parker Street.

The Selectmen approved of the list.

Finance Committee Report

Mrs. Drew spoke of a letter she had written to Bill Curtin, Secretary of the Finance Committee, suggesting that a change be made in their method of reporting on the warrant for the annual Town Meeting.

Mrs. Drew proposed that the part of the By-Law (Section 4) which requires a report to be mailed to every voter one week before the Meeting be changed.

This year, she pointed out, it cost the town \$326 to mail the reports. 3000 were mailed and only a few of these were brought to the Town Meeting.

De Felice suggested that the reports be distributed at the time of voting, one week before the adjourned part of the Town Meeting.

Hagerty pointed out that it would be necessary to check the statutes, and TM Calabrese was asked to check, and also to determine whether such a change could be made at a special Town Meeting, or if it would be necessary to vote a change such as this at an Annual Meeting.

Motels

Following the TM's report of plans for Motel Regulations, Don Kidder recalled that ex-TM Joe Courtney had discussed the subject at one time. It was Kidder's belief that no motels were to be allowed in Wilmington.

De Felice explained that it could be possible that the Commonwealth would take land by eminent domain, for a Motel such as is being done in some

Rep Donohue

Hagerty read a letter from Representative Tom Donohue, re damage to Wilmington Streets, caused by trucking for the new highway. The letter stated that the extent and nature of the damage would be determined in the near future.

Kennels

Mr. De Felice brought up the question of the kennel at Silver Lake, and was told by the TM that the Town Counsel had so much work to do with the DPU hearing on the E&M petition that he probably had no time in the past week to do anything else. The case would be taken care of, he assured De Felice.

Highway Garage

Mrs. Drew expressed dissatisfaction with the proposed location of the new Highway Department Garage, planned for a site about 2 or 300 feet in from Andover Street, on Water Department property. It was decided to see if the Abigails Island site could be used, with TM Calabrese telling the board that he didn't think there would be enough money. The board agreed that previously they had spoken of the proposed site - 300 feet from Andover Street.

Sign

On the suggestion of Frank Hagerty it was voted to bring to the attention of Rep. Tanner the new sign, being erected on Main Street, on E&M property, and near Gildart's. De Felice called it 'a lousy sign - just right to attract the attention of the drivers and not good enough to see. He predicted accidents, because of the location.

Parker Street

Nick De Felice brought up the subject of Parker Street, now being used as a speedway by

employees of a Wilmington firm on their way to work.

'Kids who ride bikes to school are taking their lives in their hands - especially at Hagerty Circle'

Hagerty suggested making the street a one way street from 7 to 9 am - 'the only realistic way is to put some horses at the end of the street, and stop the traffic'

He moved a '30 day emergency' to put his proposal into effect, but then withdrew it when Don Kidder stated that he believed the Chief of Police had some proposals on the problem.

Sidewalk

The Selectmen told the Town Manager that they preferred to have money proposed to be spent for sidewalks near the Town Hall to be spent for the area between the Tennis Court, near the Roman House, and the Town Hall, rather than elsewhere.

Burlington Avenue

Inspection by Charles Black of the letter received from the Department of Public Works re crossing lights at the Old Age Housing project put a different light on the subject.

Last week, in a rather hasty reading the Selectmen thought the lights had been refused. Black pointed out that there was no refusal - just alternate suggestions, and it was decided to pursue the matter further with the DPW.

Beacon Street

Black suggested that Beacon Street be extended across Church Street, to Middlesex Avenue, and the present Adelaide Road be done away with, in connection with the construction of the new Police Station. He believed the WHA would approve of such a suggestion, in connection with their proposed Urban Renewal.

Pond

Frank Hagerty asked the TM to find out who owned land near the Signore development in No. Wilmington, where a large pond exists. He reported that people in the area had fears that their children would get into the pond.

TM Calabrese told the Selectmen that he and the Town Engineer had already checked the problem. About 9/10ths of the pond is in town owned property he said, but it is impossible to drain it, because the pond is lower than the drains in the area. 'To fill it would be so costly as to be murder'

General Plan

Hagerty reminded the board that the General Plan of Wilmington, prepared by a Planning Board consultant should be adopted in the near future, as this was a necessary step in the proposed Urban Renewal development.

Window

It was again reported that a broken window exists in the Police Station.

WILMINGTON WOMEN'S CLUB ANNUAL MEETING

The Wilmington Women's Club will hold its annual meeting on Thursday, April 23, in the vestry of the Methodist Church. Coffee will be served at 1 p.m. followed by a business meeting at 1:30 p.m. The program for this meeting will be provided by our own 'home talent'. Under the direction of Mrs. Dorothy Lafionatis, the ladies will put on a short play entitled 'The Diet Begins Tomorrow.'

ANNE MACDOUGALL CHAIRMAN OF YEAR BOOK COMMITTEE

ROBSON HOME ON

NORFOLK AVENUE GUTTED

The home of Mr and Mrs Lawrence Robson, 126 Norfolk Ave. (off King Street) was extensively damaged by flames, Saturday morning, while the Robsons were away.

The children of the family were with Mr. Robson's family, nearby, when the fire broke out, and the flames had gained extensive headway by the time the Fire Department was notified. Two engines battled the flames for two hours, and the interior of the home was badly damaged.

WILMINGTON COAL & OIL TO HAVE HEATING AND AIR CONDITIONING DEMONSTRATION

The people of Wilmington and surrounding communities will be treated to an unusual Heating And Air Conditioning Show-O-Rama under a big Top to be erected by the Wilmington Coal & Oil Company on its Main Street grounds.

The Show-O-Rama which will be held on May 14, 15 and 16 (Thursday, Friday and Saturday) will be held in the huge tent to bring a 'County Fair' atmosphere to the proceedings.

Being shown at the Show-O-Rama will be the most modern oil heat and air conditioning equipment available. Representatives of the Wilmington Coal & Oil Company will be on hand to demonstrate the equipment and answer all questions on oil heat or air conditioning.

1000 gallons of fuel oil and other valuable prizes will be given away as door prizes at this show. Every visiting youngster will be given a colorful Indian Headdress.

Among the exhibits at the show will be one featuring the Thrift-Guardian Plan, a unique all-inclusive heating plan. It is said to offer complete oil heat planning and service at attractive prices.

Mr A.L. Osterman, General Manager of Wilmington Coal & Oil Company, in announcing the

Show-O-Rama, said, 'This show will be the first time that the people of the Wilmington area have been given the opportunity to see a complete exhibit of the many modern improvements in oil heating and air conditioning. It will also give us a chance to meet many of our friends and neighbors during the three day celebration.'

BAPTIST ADULT FELLOWSHIP
 The First Baptist Church announces the formation of an Adult Fellowship for those of post-high age and up. The purpose of the group, which will meet monthly, is to provide an opportunity for this particular age group to enjoy meeting socially with one another and also to hear informative and challenging addresses from Christians who are recognized authorities in various fields. The first meeting of the new fellowship will be held this Friday evening, April 17, at 8 p.m. at the First Baptist Church, 173 Church St. Everyone interested in such a group is cordially invited to attend. Special music for the program will be provided by the Youth Choir. The group's first guest speaker will be Prof. Earl P. Robinson of Gordon College who will speak on 'Christ or Communism'.

Mr. Robinson, professor of Greek at Gordon College since 1951 is a native of Long Island. He received his A.B. degree from Amherst College in 1934. In 1938 he received his Th.D. degree from Westminster Theological Seminary in Philadelphia. Following another year of graduate study in Chemistry at McGill Univ. he became a Science Instructor at the Stony Brook School for Boys. From 1941-1943 he headed the Science Department there, teaching some classes also in Bible.

In 1943 he became pastor of the Second Baptist Church of Troy, N.Y. after two years he resigned to become Assistant Professor of Science and New Testament at Gordon. In 1948 Mr. Robinson became Associate Professor of Greek and full professor in 1951. His S.T.M. degree was earned at Harvard in 1949 and presently he is a candidate there for his doctorate. In addition he is the pastor of the Winter Hill Baptist Church of Somerville.

LIBRARY RECORDS SMASHED

Not vandals, but borrowers have broken records at the Public Library. On the latest record day, March 3, 303 books were borrowed, and during the month of March 3,410 went out. So far this year the count is 10,159 borrowed, 1,418 more than to this time last year.

The unbreakable records, i.e. LPs, etc. are circulating well. 331 albums have been borrowed this year.

Magazines, except for the latest issue of each, may be borrowed. 312 have been borrowed.

The all-time high circulation figures are due in part to newcomers to town. 191 new borrowers have registered this year.

WILMINGTON TEACHER'S ASSOC.

The Wilmington Teacher's Association held their spring meeting at the high school on April 8th. Members of the school committee were present as guests of the Association.

The teachers in the elementary wing of the high school prepared strawberry shortcake and coffee, which was served before the business meeting.

After the short meeting, Dr. Dudley Puck, a member of the school committee gave a talk on some of the research regarding the development and multiple functions of electronic computers. Mr Paul Ciano, accompanied by Miss Loraine Galil, rendered a survey of concert music from the 16th century to modern times.
